

GARUDA HYPERLINE 10W-30 SN (Fully Synthetic)

Product description

Garuda HYPERLINE is a Fully Synthetic engine oil specially formulated with selective base stocks and additives that provides excellent engine wear & tear protection and therefore, prolongs the engine life. The special additive contributes to a significant reduction in engine noise. Suitable for all types of gasoline engines, whether turbocharged or naturally aspirated.

Applications

Garuda HYPERLINE is recommended for gasoline engines powering passenger cars, light trucks, turbocharged or naturally aspirated. Garuda HYPERLINE is suitable and exceeds the performance requirements of most European, Japanese, and American car manufacturers.

Features & Benefits

- Less oil top-up
- Superior anti-wear properties protect the engine's most sensitive parts
- Ensures lubricant performance
- Long lasting dispersant, anti-wear, and corrosion protection
- Effective environmental protection
- Outstanding fuel efficiency and low emissions

Meets & Exceeds Requirements Of:

API SN, ACEA A3/B4, BMW Special Oil, VW 501 01, VW 505 00, MB 229.1, MB 229.3, PSA B712300, RN700 / RN710

Typical Properties

Property	Test Methods	Typical Value
SAE Grade		10W-30
Viscosity @ 100°C (cSt)	ASTM D445	11.5
Viscosity @ 40°C (cSt)	ASTM D445	76
Viscosity Index	ASTM D2270	146
Pour Point (°C)	ASTM D97	-33
Flash Point (°C)	ASTM D92	224
TBN (mg KOH/g)	ASTM D2896	9.5
Density @ 15°C (g/cm ³)	ASTM D1298	0.88

Caution

Avoid skin and eye contact. Wash skin thoroughly after handling. Launder contaminated clothes before re-use. Repeated contact with used engine oil has caused skin cancer in laboratory animals. Keep out of reach of children. Combustible. Avoid environmental pollution. Manufactured from 100% virgin refined base oil with excellent chemical additive.
